Big Brothers Big Sisters of Centre Wellington enables life changing mentoring relationships to ignite the power and potential of young people.

We create a safe space for mentoring relationships by providing a direct service of matching children with role model adults to ignite the amazing potential within them.

What programs are offered?

We are a non for profit organization that provides many different youth programs that include one to one mentoring, group mentoring, site-based mentoring and in-school mentoring.

Who do we help?

We help the children and youth of Centre Wellington who face adversity by providing them with mentors to help provide the tools to become the best versions of themselves
